## ★ LORETTE

**PRESSING** If pressing is desired, use a dry cloth and a cool iron. Press lightly.

**WASHING** Wash in lukewarm water, using detergent or soap flakes. Rinse thoroughly in cool water, removing excess moisture by spin drying or roll in a towel.

# Washing instructions

- 1 Using a good quality soap flake, very sparingly, and making sure all flakes are thoroughly dissolved, and with the water comfortable to the hands (40 degrees cent.), the garment should be squeezed gently in an up and down movement in the water until clean.
- 2 Rinse thoroughly in water of the same temperature until all soap is removed, supporting the garment with the hands when removing from the water, as the weight of the water running down the garment can otherwise cause stretching.
- 3 Squeeze out all excessive moisture.
- 4 Lay on a flat surface to dry, patting back to the original shape and measurements.
- 5 On no account must the garment be dried in the direct sun, or in front of a fire or radiator, or hung up to dry.
